

Holiday Stocking Guess

What You Will Need:

- One large Christmas Stocking
- Common holiday themed items such as gift wrap, scissors, tape, candy canes, Christmas theme candy, ornaments, holly, tinsel, pine cones
- Pencils/Paper

How To Play:

Place the holiday items in the stocking and secure the stocking with ribbon so no player can peek inside. Hand each player a piece of paper and pencil. The object of the game is to have the players try to guess what items are in the Christmas stocking. Before the game starts, tell the players how many items are in the stocking. Have the players pass the stocking around, feeling the objects from the outside. The players need to write down the names of all the objects they guess are in the stocking. If you have lots of players, you can use 2 or more stockings labeled "Stocking 1, Stocking 2" and so on. Have the players break into groups based on the stocking they will use to guess. The person/people that can guess the most items in the stocking wins.
